IHTISHAM ZAMEER

.NET Full Stack Developer

Rawalpindi, Pakistan | +92 310 5317050 | ihtishamzameer49@gmail.com | LinkedIn: www.linkedin.com/in/ihtishamzameer

PROFESSIONAL SUMMARY

.NET Full Stack Developer with 2+ years of experience designing, building, and shipping enterprise-grade web applications using ASP.NET Core, C#, and SQL Server. Promoted from Intern to Junior .NET Developer within 6 months for strong delivery on a company-wide HRM platform built on Clean Architecture and MediatR (CQRS). Skilled in RESTful API design, Entity Framework Core, responsive UI development (MudBlazor/Radzen), and automated reporting (Telerik). Comfortable liaising directly with clients to translate business requirements into technical specifications. Now seeking a backend/full-stack .NET role.

CORE SKILLS

- **Languages & Frameworks:** C#, .NET / .NET Core / .NET Framework, ASP.NET Core Web API, JavaScript, HTML5, CSS3, Bootstrap
- **Architecture & Patterns:** Clean Architecture, MediatR (CQRS), RESTful API Design, SOLID Principles
- **Databases:** SQL Server, MySQL, T-SQL, Entity Framework Core (Code-First, Migrations), LINQ
- **UI Frameworks:** MudBlazor, Radzen, Telerik UI, Blazor
- **Tools & Testing:** Git, GitHub, Postman, Swagger / OpenAPI, Cypress, Telerik Reporting, Agile delivery

PROFESSIONAL EXPERIENCE

.NET Full Stack Developer **Aug 2024 – Apr 2026**

TechtaGone Technologies — Islamabad, Pakistan | Progression: Intern → Junior .NET Developer → Full Stack Developer

- Promoted from Intern to Junior .NET Developer in 6 months (Feb 2025) based on delivery performance; later progressed to full .NET Full Stack Developer, owning end-to-end module delivery.
- Designed and built 4 core ASP.NET Core/C# modules (Employee Management, Attendance, Leave, Payroll) for **SmartCorp HRM**, an enterprise HR platform adopted company-wide by **150+ employees**, applying Clean Architecture and MediatR to keep the codebase maintainable as the product grew.
- Built and maintained **25+ RESTful APIs** backed by SQL Server using Entity Framework Core (Code-First), managing schema evolution across **40+ migrations** with zero production rollback incidents.
- Developed **MyWall**, a company-wide employee engagement module (social feeds, posts, comments, anonymous requests), driving an estimated **20%** increase in internal communication participation.
- Automated payroll and business-analytics reporting with Telerik Reporting, cutting manual reporting effort for HR and finance staff by an estimated **60–70%**.
- Implemented role-based authorization and secure authentication, protecting sensitive HR and payroll data for **150+ employee records** with zero reported security incidents.
- Designed responsive UIs for internal business applications using MudBlazor, Radzen, HTML, and CSS, supporting daily use by **150+** internal users.
- Worked directly with clients to understand their requirements and convert them into technical solutions for multiple software features.

Key Project — SmartPay: Payroll System (Internship) (Sep 2024 – Mar 2025)

- Contributed core backend features using ASP.NET Core, C#, and Entity Framework Core; identified and resolved **20+ bugs** and implemented input/file-size validation rules, reducing data-entry errors and strengthening core API reliability.

EDUCATION

Bachelor of Science in Computer Science (BSCS) **Jun 2021 – Jun 2025**

Pir Mehr Ali Shah Arid Agriculture University, Rawalpindi

- **Final Year Project — Plagiarism Checker System:** Built a plagiarism-detection web app (3-member team) using ASP.NET Core Web API and React.js, applying Sentence Transformers and text embeddings for semantic similarity detection between documents. Owned backend API development and NLP-based similarity-scoring logic.

CERTIFICATIONS & ACHIEVEMENTS

- React Essential Training — LinkedIn Learning (Jun 2026): component-based architecture, state management, hooks, Next.js routing.
- Complete Generative AI: Build Pro Web, Mobile & SaaS Apps — Udemy (May 2026): GenAI integration, prompt engineering, API integration.
- Certificate of Work Appreciation — TechtaGone Technologies (Feb 2025), for contributions as a Junior .NET Developer Intern.
- Winner, SQL Database Query Competition — BIIT, Rawalpindi (May 2023): complex SQL queries, joins, aggregations, query optimization.
